19、TA Workload Analysis Page

Displays all TAs with their application counts, total workload hours, and status indicators. Includes search/filter by name, major, and workload level. Option to export report.

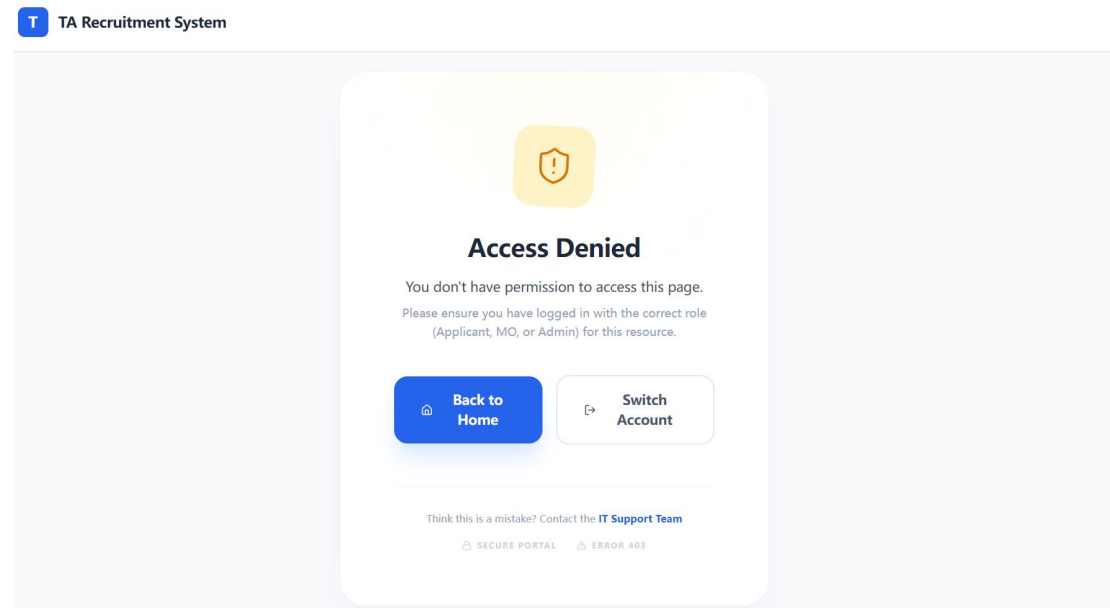

20、MO Details Page (Admin view)

Displays detailed information of a specific MO with all fields editable. Includes name, employee ID, email, department, contact number, and personal description. Password reset options available.

The screenshot displays the 'Edit MO Information' page. It features a sidebar with navigation options: Admin Portal, Dashboard, Create MO Account, All MOs (selected), All Positions, All TA Workload, and Settings (Optional). The main content area has a header 'MO PROFILE MANAGEMENT' and a 'Super Admin' user profile. Below the header is a 'Back to All MOs' link and the title 'Edit MO Information'. A form contains fields for 'FULL NAME' (Prof. James Smith), 'STAFF ID' (MO-12345), 'EMAIL ADDRESS' (james.smith@university.edu), 'DEPARTMENT' (Software Engineering), 'PHONE NUMBER' (123-4567-8901), and 'ACCOUNT STATUS' (Active). A 'PERSONAL BIOGRAPHY' section contains a text area with the text: 'Professor James Smith is a senior faculty member in the School of Software Engineering, specializing in Object-Oriented Design and Agile Methodologies.' A 'PASSWORD MANAGEMENT' section has a 'Reset Password' button. At the bottom are 'Save Changes' and 'Cancel' buttons.

21、 Access Denied / Error Page

Shown when a user attempts to access a page without proper permissions. Provides options to return to home page or switch accounts. Also used for general system errors.

22. Overall Navigation Flow

Shows the main navigation structure of the TA Recruitment System from login and role selection to role-specific functions for TA, MO, and Admin. Includes key user flows such as profile management, vacancy browsing, application submission, posting management, revocation handling, workload analysis, and suitability analysis.
